

GUIDELINES

Eligibility

- Any team whose all players have a competitive rank in Valorant is eligible to participate.

Registration

- The entire team must register by August 13th at 11:59 pm IST by filling out the attached form.
- There is no registration fee.
- 5 player registration is necessary in one form, if the team wishes then it can have a sixth registered player as a substitute (not coach). Players can find teammates on our discord server if they do not have a 5-player team
- Registrations will be capped to the first 64 teams.
- If you wish to continue form filling sometime later, it is must to pause the form by clicking pause button under current section. Otherwise, the draft of your form will not be saved.

THE PLAYERS MUST JOIN OUR DISCORD SERVER DURING THE TOURNAMENT, AS ALL THE LOGISTICAL INFORMATION WILL BE SHARED THERE ONLY

General Rules

- It is a standard 5v5 overtime-enabled match.
- We shall have moderators overseeing each match, so any attempt to cheat will lead to disqualification.
- Any toxicity directed towards either one's teammates or opponents will not be tolerated and can lead to disqualification according to moderators' discretion.
- Ensure that the details provided in the form are correct, including case sensitivity in one's Riot IDs. Outliers will be kicked from the tournament.
- All arrangements regarding network connection and gaming hardware would be the sole responsibility of the participants.
- Any requests for match pause other than timeout (e.g., due to afk teammates) may or may not be entertained at moderators' discretion and may even lead to the continuation of unbalanced matches (e.g., 4v5).
- After 15 mins of scheduled match time, if all five team players cannot show up in the moderator's lobby, then a loss would be considered for that team in the match.

Rewards

- After the Finals, cash prizes will be awarded to the top three teams as follows:
- 1st place - ₹ 20,000
- 2nd place - ₹ 12,000

- 3rd place - ₹ 8,000

General details

- The tournament Qualifiers will start at 10 pm IST.
- A friend request and match invite will be sent to the participants to the Riot IDs specified in the form before 10 minutes of the scheduled match time.
- Each team has one timeout for each half (i.e., two timeouts for the match); it can be accessed in the Esc menu near the surrender button. Once activated, it will take voting like a surrender vote but for a timeout. Each timeout is 1 minute long.

Tournament Bracket Details

- All Qualifiers matches will be knockouts. There would be 8 groups with 8 teams in each. The winning team of each qualifier group will advance to finals.
- Finals will be of 8 teams with Double Elimination Bracket.
- Maps would be decided by toss and map ban procedure.
- The procedure includes the toss-winning captain banning a particular map which his team does not wish to play, followed by the other team captain banning another map; alternate cycles of this would leave a single map to play.
- The qualifiers and earlier stages of finals would be single map matches. The last three matches of the finals would be in the best-of -3 format.
